

## 2026 MANAGEMENT COMMITTEE ELECTION - NOMINATION

### **Jeff Travis (nominating for Secretary)**

I joined the South Australian Bridge Association in the early 1970's and have been a member ever since, except for a two-year period in the 1990's when I lived and worked in NSW. My experience with the club administration includes two stints as a committee member and being part of a small team that reviewed the club's structure, leading to the establishment of the General Manager position.

I am currently working on a (very) part-time basis as a bridge teacher and tutor. Before retiring I worked in the public sector, mainly in industrial relations, and in the private sector in a range of employee relations roles for a large manufacturing business.
